

Château de Riell

MOLITG-LES-BAINS | FRANCE

A baroque hideaway
for Adventurers...

SUMMARY

In an unspoilt valley in French Catalonia, looking out at the snow-topped mount Canigou, you will find the Château de Riell, perched among parasol pines and oleander trees.

Restored in an elegant french style, the lounges and 17 rooms and suites distil a warm, baroque and exotic atmosphere.

Enjoy a nature hike across the canyons, or unwind by the pool.

The outdoor options are endless.

14 ROOMS | 3 SUITES

Château de Riell boasts 17 bedrooms, which stand out for their character and refinement.

Each bedroom is unique, down to the last detail and decorated with subtle and joyful Pierre Frey fabrics. The addition of custom furnishings, oak wooden floor, linen and brass provides an exquisitely relaxing environment.

Opening out onto the patio, the forest or the Pyrénées, and with the mountain providing a marvellous backdrop, each bedroom offers a cosy atmosphere surrounded by Nature.

DINING

Nestled on the foothills of the Castle, between patios and water, the Restaurant plays a South melody with its "hacienda" like setting.

Chef Benoit Janet's Cuisine is fundamentally committed to be sustainable. He relies on short circuits, home-made with local and seasonal products.

The open-hearth fireplace lights up with golden glints of brass and antique furniture, hunted by the Landlady.

On sunny days, enjoy our terrasse nearby the pool for a "Naturholic" lunch !

SPA & WELLNESS

The pool naturally curls up into the relaxing atmosphere of a large greenhouse, hung from the century-old trees.

Every afternoon, the spa welcomes wellness seekers for a hot-spring health ritual. Suspended between heaven and earth, anchored in the foliage, the Molitg Baths are set with rare stunning marbles.
